

# Dr. Meghan R. Fallon PT, DPT

Physical Therapist

Meghan is passionate about working in pediatrics as she is able to make a difference in a child's life at an early age. She enjoys helping her patients learn how to perform better and improve their movement patterns specifically related to artistic athletes. Meghan incorporates functional play into her treatments within the school setting and clinic to make therapy fun and enjoyable for her patients. In her free time Meghan enjoys spending time with her sons and husband, teaching Pilates, walking her dog and hiking.
