

Paula Boivin MS OTR/L

Senior Occupational Therapist

Paula has worked for Pediatric Rehabilitation of Exeter Hospital for 15 years working in both school and outpatient settings. These two settings have provided opportunities to apply skills in many areas such as developmental delay, sensory processing disorders, and Autism Spectrum Disorders. Working with the team at Pediatric Rehab has allowed her to work collaboratively with speech/language therapists and physical therapists to create care plans that maximize growth for the children. Her extensive training as a gymnast and gymnastics coach also add a strong motor perspective to her treatment.
