

Jennifer Gandolfo, MSPT, CEAS

Physical Therapist

Jennifer has spent her career working primarily in outpatient physical therapy, caring for a diverse patient population with variety of disabilities related to orthopedic, neurological, and vestibular pathologies. She has also completed an extensive clinical internship at a sports training and performance center, treating athletes ranging from the high school level to the professional level. She herself was a competitive gymnast for 16 years. Jen likes to spend her downtime skiing, hiking, running, and competing in triathlons.
