

Jennifer has been a Physical Therapist since 2013, working primarily in the outpatient setting, treating orthopedic injuries. In 2019, she became an APTA board certified Orthopedic Clinical Specialist. Jennifer has a passion for helping patient's return to activities they enjoy. She wishes for all her patient's to achieve a better understanding of their injury and develop the skills to help heal quickly. In her free time she enjoys running, skiing, cooking, and spending time with her family.
