

TRANSPORTATION OPTIONS RESOURCES GUIDE

This list is intended to be used as a guide for transportation services for patients in the community. The listing is offered as a service to our patients, however, Exeter Hospital, Core and RVNA do not endorse or recommend any particular company. The information provided was current as of the updated date below. Patients should check with the company(s) for current information. Also, patients undergoing procedures in which sedation or anesthesia will be utilized should not use taxis or buses, please check with your provider for more information.

For information which may be available outside this area, please contact Service Link. They may have information offered by faith, community, or volunteer programs.
