

Exeter Hospital and its affiliates, Core Physicians and Rockingham VNA & Hospice are asking for public support in donating any available: **full facial shields, droplet masks, N95 masks, hand sanitizer** and **disposable gloves**. We are also accepting donations of "homemade sewn" masks.

At this time we have supplies to care for patients and to keep our providers and staff safe, however; the situation is rapidly changing and our supplies will now quickly diminish.

The critical need cannot be understated as we continue to see community based transmission of the Coronavirus.

We thank you for your generosity and as always, your ongoing support.
