

Nancy Potter, MSPT, CLT

Physical Therapist

Nancy Potter has been practicing physical therapy at Exeter Hospital since 2000. She enjoys treating her patients as individuals using a manual therapy approach. Prior to focusing on Oncology and Pelvic Floor rehabilitation, Nancy spent 7 years practicing orthopedic PT. Nancy is active in the Exeter community as a coach for Girls on the Run, school volunteer and educator for the Family Center pre-natal and post-partum classes. In her free time, she enjoys sailing, hiking, biking and exploring the outdoors.
