

# Michaela Smith MS, OTR/L, CBIS, LSVT BIG

Occupational Therapist

Michaela received her Master's in Occupational Therapy in 2017 from the University of New Hampshire. Out of college, she started her career in Baltimore, MD in home health therapy. When she moved back to the seacoast area, she worked in a skilled nursing facility in Newburyport then an outpatient brain injury program in Maine. She began working for Exeter Hospital as an outpatient therapist focusing on neurological diagnoses as well as orthopedic hand therapy in May 2023. She has presented at the Brain injury Association of Massachusetts Annual Conference and is interested in pursuing more specialty certifications for the treatment of neurological disorders. Outside of the clinic, Michaela enjoys paddle boarding, skiing, tennis/pickleball, volleyball, cooking, fishing, and attending concerts/sporting events.
