

Mckenzie Kimball PT DPT

Physical Therapist

Mckenzie received her doctorate degree in physical therapy from Franklin Pierce University in 2019. Prior to coming to Exeter Hospital, she worked at an inpatient rehab facility working with patients following a spinal cord injury, stroke, and brain injury. Mckenzie sees patients of all ages for both orthopedic, neurological, and prosthetic rehabilitation. Outside of the clinic, Mckenzie enjoys spending time with her family, and going to the beach.
